HOLY COMMUNION

*Communion in the Hand: Documents & History
Some Reflections on Spiritual Communion
and the State of Grace*

By Most Rev. Juan Rodolfo Laise

With a Preface by Bishop Athanasius Schneider

From the Preface of Bishop Athanasius Schneider: *"The Church in our times has the urgent need of courageous voices in defense of her greatest treasure, which is the mystery of the Eucharist. Often today there arise voices in defense of the many human and temporal needs, but rare are the voices that defend the Eucharistic Jesus. With his book Communion in the Hand His Excellency Most Rev. Juan Rodolfo Laise, Bishop Emeritus of San Luis (Argentina), has for several years raised his voice in defense of the Eucharistic Lord, showing with convincing argumentation the inconsistency of the modern practice of Communion in the hand from a historical, liturgical and pastoral perspective...I consider it an honor and joy to be able to present this book of the most worthy Bishop Juan Rodolfo Laise, "decus episcoporum Argentinae". I hope this prophetic voice of an elderly bishop, who has retained his youth and purity of faith and reverent love for the Eucharistic mystery, may enkindle readers with the same faith and the same love and contribute to the universal restoration of the more sacred and reverent manner of receiving the Lord's Body."*

Bishop Laise was born on February 22, 1926 in Buenos Aires. He entered the Capuchin Order, in which he received priestly ordination in 1949 when he was only 23 years old. Later he obtained his licentiate in canon law from the Gregorian University in Rome, and his doctorate in civil law from the national university of Córdoba

(Argentina). In 1969 he was named Provincial Superior of the Capuchins of Argentina.

In 1971 he was appointed by Paul VI coadjutor bishop of the Diocese of San Luis, whose bishop was seriously ill. The clergy of that diocese, although scarce, were deeply divided because of liberation theology. Due to the strong resistance of the ideological and rebellious sector, it was not possible to organize the episcopal consecration in what would be his Episcopal see, but 500 miles away, in the chapel of a Capuchin school near Buenos Aires. As soon as he became bishop of San Luis, the reaction of the group of highly politicized priests did not delay, and they left the diocese, moving to a neighboring diocese where the environment was more akin to their ideas. Some went even further by directly

abandoning the priestly ministry. This was a blow to the new bishop, who was before a diocese that already had very few priests (there had been no priestly ordinations in the previous 18 years, and at that time there was only one seminarian). However, his courage and his gifts of government enabled him to find a way to reverse the situation.

Since the beginning he made his priority the care of vocations: their number, and above all their solid formation, creating in 1980 the diocesan seminary "St. Michael the Archangel." Thirty years later, when he turned 75 and had to leave his diocese, there were more than fifty seminarians, and a young and numerous clergy who worked actively in the towns and villages of the province. Similarly, he promoted the installation of various religious congregations. Since the beginning his activity has been multiple and incessant: the foundation of religious houses, of schools, of a Catholic University extension, numerous churches and chapels for the new districts of a province whose population is constantly growing, and the organization of congresses and conferences. The apostolic directives followed one another, in the spirit and decisions of Bishop Laise, at a feverish pace. However, as a Capuchin religious he knew well that activity, even the most noble one such as that of the apostolate, is not fruitful if it does not nourish its roots in contemplation. That is why he also encouraged the establishment in the diocese of contemplative communities.

But if in anything he has stood out in a special way, it has been in his Eucharistic piety and devotion, which have been translated in a special way into the Adoration of the Blessed Sacrament – which by his express will has been exposed throughout the day in the diocesan Cathedral since the '80s – and in his care for the organizing of the feast of Corpus Christi, with a procession of the Blessed Sacrament through the streets of the city, and in his homilies for the occasion.

For all these reasons it is understandable that when, in 1996, he found himself confronted with a responsibility, that of making a decision about the possibility of resorting to an indult to give Holy Communion in a less devout manner, which makes less clear the Real Presence and the Priesthood, and which furthermore was obtained through a frontal disobedience to the Pope, he did not ask to avail himself of this, and, in the same way, he more recently has reacted to the possibility of giving Communion to someone who is not in the state of grace. After his retirement in 2001 he returned to the Franciscan conventual life and he chose the Shrine of Padre Pio in San Giovanni Rotondo (Italy), where is found his venerated tomb. There he spends the mornings hearing the confessions of the pilgrims. He often agrees to travel to occasionally collaborate elsewhere, having performed numerous ordinations for various religious congregations, and accompanied pilgrims to Lourdes, Rome, etc., during these nearly two decades. In the photo on this cover he is seen on one of those occasions, celebrating a Pontifical Mass on the Altar of the Chair of St. Peter in the Vatican Basilica on October 24, 2015. 2018 218 pages \$18.00 #63233

THE SAINT MICHAEL PRAYER AND POPE FRANCIS

Pope Leo XIII and the Prayer to St. Michael Second Enlarged Edition

By Kevin J. Symonds

Foreword by Bishop Athanasius Schneider

2018 ix + 242p IL \$18.00 #55990

We are happy to announce the publication of the second enlarged edition of *Pope Leo XIII and the Prayer to St. Michael* by Kevin J. Symonds. Shortly after this new edition became available, the Vatican announced that the Pope had requested that the Prayer to St. Michael be said after the recitation of the Rosary during the month of October. However, this request from the Pope has come in the midst of a controversy within the hierarchy of the Church, and the announcement has brought uncertainty to some Catholics.

The web site LifeSiteNews reported that since the Pope in recent homilies has spoken of the devil as “the Accuser,” some are therefore wondering if Archbishop Viganò, the author of serious allegations against fellow members of the hierarchy, is being implicated, harshly accused of being a tool of the devil.

As Catholics strive to understand what is clearly a profound crisis within the Church, the story of a vision seen by Pope Leo XIII in the late nineteenth century, and known to be about an assault of the devil against the Church, becomes something of central importance. To understand this vision, however, it is first of all necessary to know the truth about this event in the life of Pope Leo XIII. The Prayer to St. Michael that is commonly recited is a shortened version of a longer prayer that Leo XIII composed after his vision, and this in turn is related to an Exorcism prayer that the pontiff had also composed and which was published in the Roman Ritual. The original and more complete versions of the Prayer to St. Michael and this Exorcism prayer contain a passage that describes a diabolical assault not simply against the Church in general, but also against the Chair of Peter.

Approximately three decades after Pope Leo’s vision, Our Lady appeared in Fatima and showed the three children another vision that has an undeniable similarity to that part of the complete Prayer to St. Michael and Pope Leo’s unabridged Exorcism prayer. In the Third Secret of Fatima, published by the Vatican on June 26, 2000, we read of a “*bishop dressed in white*” who is assaulted by enemies. Not only this apparent representation of a Pope, but also other bishops, priests, religious and laity are depicted in the Third Secret. All members or states of life in the Church are described, and all are overcome in the assault.

It is impossible not to see these parallels between what was referred to by Pope Leo XIII, and what Our Lady showed to the children of Fatima in the vision described in the Third Secret. But what does this assault against the Church and in particular the Pope represent? Is it primarily a physical assault, leading to physical

death, or is it above all an assault of a spiritual nature? If we study Fatima in relation to the vision of Pope Leo XIII, the logical conclusion is that Fatima represents not merely physical chastisements, but above all a spiritual crisis resulting from an assault of the devil against all members of the Church, leading all the way to the Chair of Peter.

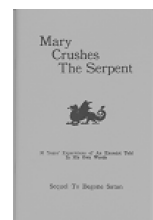

For these reasons it is necessary to study the vision of Leo XIII and the apparitions of Fatima in relation to one another. Pope Francis’s call to recite the Prayer to St. Michael, even in the midst of uncertainties about his reasons for making this appeal at the present time, serves as a reminder to the universal Church of the role of St. Michael, and ultimately of Our Lady, which is also brought to light in the book by Kevin Symonds.

With this in mind we wish to call the attention of our readers to two other titles that we offer. One is the booklet *Mary Crushes the Serpent* (see page 27 of this catalog), an account of the experiences of a nineteenth century exorcist which is related to the vision of Leo XIII, and therefore merited having an entire chapter devoted to it in Kevin Symonds’ book. The second is our booklet *Fatima and The Third Secret: A Historical Examination based on a Letter of Sister Lucia & the Carmelite Biography* (see page 26 of the catalog), which defends the Third Secret against speculation about a missing document or “fourth secret,” all of which has distracted many who are devoted to Fatima from considering the Third Secret, and its supernatural message regarding the present trials facing the Church.

Kevin Symonds, the author of *Pope Leo XIII and the Prayer to St. Michael*, has come under criticism from Matt Gaspers of *Catholic Family News* for his writings against the theory of the so-called “fourth secret,” the position Kevin Symonds also defended in his debate with Christopher Ferrara at the Angelus Press Conference on October 13, 2017. Mr. Gaspers has recently published two articles criticizing Mr. Symonds (*Catholic Family News*, September 2018, pp. 13-14, & October 2018, pp. 20-21).

The central issue in this debate is that Matt Gaspers and other defenders of a so-called missing document overlook the spiritual symbolism of the Third Secret itself. Sister Lucia had explained the Third Secret in her May 12, 1982 letter to Pope John Paul II as a “symbolic revelation,” and in this context she gave the Pope a general interpretation of the meaning of its symbolism. Matt Gaspers, on the other hand, assumes that the Third Secret does not contain this symbolic revelation, and therefore he fails to see the spiritual significance of what he interprets as primarily physical death and destruction. The vision of the Third Secret describes, for example, a “*city half in ruins*.” Father Nicholas Gruner himself had acknowledged the spiritual significance of this “city” as representing the Church and Christian Civilization, not merely physical cities with their buildings and monuments. Failing to appreciate the spiritual meaning of the Third Secret is what has led to the endless search for an alleged missing document.

In this context Kevin Symonds’ book *Pope Leo XIII and the Prayer to St. Michael*, a history of this important prayer, now brought to the attention of the Catholic world with the Pope’s recent request that it be recited, has become more timely than ever. The book will help the reader to relate the vision of Pope Leo XIII to the vision of the Third Secret, which Our Lady gave to the children of Fatima three decades after Leo XIII had seen a vision of a diabolical assault against the Church

The Catholic Bibliographical Index

For more than a quarter of a century Preserving Christian Publications has been electronically cataloging books by Catholic authors obtained from Catholic institutions and private collections, primarily in the northeast of the USA, but also from the Midwest and Far West of the country, as well as from southeastern Canada and Puerto Rico. The resulting bibliography of nearly 25,000 Catholic titles is far from a complete listing of books by Catholic authors. Nevertheless we believe it serves as a useful research tool, and as an introduction to the world’s Catholic literature. Though primarily a list of Catholic books published in English, it also contains many Latin titles and books in several other languages.

It is not always easy to determine whether or not certain authors are Catholic, either because they are not sufficiently known to us, or because their publishing houses are not Catholic. But we have always tried to verify the Catholic identity of authors before including their works in the bibliography. In a relatively small number of cases we have included some non-Catholic writers when they wrote on Catholic subjects, but we have added “non-Catholic” after their names to distinguish them from the other authors in the list. In some rare cases we may have mistakenly included some non-Catholic authors without identifying them as such, but we are confident that such errors are very minimal. Therefore this Catholic Bibliographical Index represents the fruit of more than three decades of our work in making Catholic books better known and available to readers throughout the world.

Comments by Dr. Barbara Berfanger, Ed.D., Former President, St. Mary’s College, Kansas

Recently I learned about the release of the Catholic Bibliographical Index by Preserving Christian Publications. My experience in research and in teaching led me to recognize quickly and without doubt that this Index offers an immense, rich resource about works by Catholic authors.

The Index is easy to navigate. Once the user gets started, he can browse by category or search the entire database. The works are listed in a wide range of categories, and the titles are numbered within each category. This feature can keep the searcher on track and save him from getting lost in a long list. The listed titles, most with brief annotations, are clear, well-spaced, and easy to read. Bold-faced headings attract reader’s attention to essential publication information.

Anyone searching for references to Catholic authors can find the Index beneficial. It can be helpful to the teacher who wants to compile a reading list to aid students following his or her courses. Secondary and college instructors will find the Index indispensable in guiding students in traditional methods of using an index as an early step in composing a research paper. By being directed to worthwhile works to consider, students can gain skill and will likely discover and appreciate some of the treasures that Catholics have inherited. The Index can yield satisfying rewards to advanced scholars and even to general readers who are pursuing specific searches.

It is a pleasure to give a hearty welcome and endorsement to this gold-mine of information.

The Mass: A Study of the Roman Liturgy

Father Adrian Fortescue

2007 (first ed. 1912) reprint of 1930 ed. 429 pages hardback dust jacket \$28 #55662

a definitive English-language work on the Roman Rite of the Mass

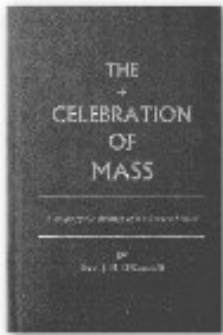

“Essentially the Missal of Pius V is the Gregorian Sacramentary; that again is formed from the Gelasian book, which depends on the Leonine collection. We find the prayers of our Canon in the treatise *de Sacramentis* and allusions to it in the IVth century. So our Mass goes back, without essential change, to the age when it was first developed out of the oldest liturgy of all. It is still redolent of that liturgy, of the days when Caesar ruled the world and thought he could stamp out the faith of Christ, when our fathers met together before dawn and sang a hymn to Christ as to a God. The final result of our inquiry is that, in spite of unsolved problems, in spite of later changes, there is not in Christendom another rite so venerable as ours.”

“... *the Roman Missal promulgated by St. Pius V. . . [was] never abrogated. . . .*”

– Pope Benedict XVI, *motu proprio Summorum Pontificum*, July 7, 2007

The Celebration of Mass:

A Study of the Rubrics of the Roman Missal

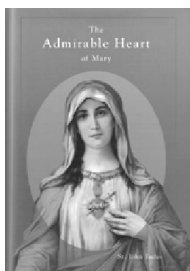

Father J. B. O'Connell

In 2006 we came out with the first reprint of Father J. B. O'Connell's famous work, the fourth edition (1964) of *The Celebration of Mass: A Study of the Rubrics of the Roman Missal*. This book gives the rules to be followed in celebrating the traditional rite of the Mass in all its forms: low Mass, solemn high Mass, or the various forms of the Requiem Mass. This basic manual or textbook not only teaches the correct way to celebrate the traditional Mass, but also includes comments on the nature of the liturgy, liturgical law, the calendar, vestments, and a multitude of related topics. Moreover, laymen may have an interest in discovering the underpinnings of the Mass and what is required of the celebrant. In this way they may have a better appreciation of the priest and his action when he offers the Sacrifice of the Mass. This sewn hardback reprint has a useful ribbon marker that can help locate the page to be studied. Also, the hefty size of this book, with its 622 pages, should provide hours of reflective study to those who are serious about why the priest should be as exact as he can, in following the rules for ministering at the altar of God. The Admirable Heart of Mary

St. John Eudes

St. John Eudes, Apostle of Jesus and Mary, reveals to his disciples how Our Lady's heart was the first-fruit of Her Divine Son's Passion, given to all of Mary's children, that it might be honored, cherished, invoked and, ultimately, with that of her Son, reproduced in them. This is the essence of St. John Eudes' spirituality which spilled over into the foundation of many religious congregations, literary works and of course, the practice of heroic virtue while on earth. This spiritual doctrine, which ultimately contributes to the Triumph of the Immaculate Heart of Mary and of Her Divine Son, Jesus Christ, is very pertinent for our time.

A DICTIONARY OF THE PSALTER

Containing the Vocabulary of the Psalms,
Hymns, Canticles, & Miscellaneous Prayers of
the Breviary Psalter

Based on the Latin Vulgate Psalter with English definitions &
explanations / 2007 299 pages (reprint of 1928 ed) hardback /
preface by Rt. Rev John B. Petersen \$28.00 #55661

Covering such preliminary topics as “English Catholic
Version of the Psalter,” “Latin Versions of the
Psalter,” “The Latinity of the Vulgate
Psalter,” and “How the Psalms are
Numbered,” true to form, the dictionary goes
on to define and decline each Latin word used
in the Vulgate Psalter (as used in the
traditional Roman Breviary), its English
parallel, derivative, and cites where the word
was used and its context.

Manual of Episcopal Ceremonies

Based on the Caeremoniale Episcoporum, Decrees of the
Sacred Congregation of Rites and Approved Authors [2 vols in
1] – by Rt Rev. Aurelius Stehle, OSB

“Curiously enough, it has been my good fortune to use
Archabbot Aurelius Stehle’s **MANUAL
OF EPISCOPAL CEREMONIES** in a
variety of roles. First as a sacristan,
then as a master of ceremonies, and
finally as a bishop, I have discovered
myself seeking the direction of its
pages. Never have I been disappointed.

“For the sacristan, its careful
listing immediately before each
ceremony of the preparations required
is invaluable. The admirable and
orderly fashion of this listing serves as
an infallible guide to all, whose duty it
is to set the scene and arrange the
background, against which any

impressive ceremony moves.

“For the master of ceremonies, its complete outline of the
ceremony itself, coupled with its special notes for each
participant, is priceless. This arrangement, giving in a glance
the ceremony in its totality as well as its respective parts,

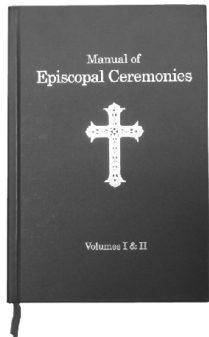

enables the master to set up, well in advance, each ceremonial
situation. This assures a reverent yet continuing execution of
the ceremony, deeply appreciated by all the participants within
and without the sanctuary.

“For the bishop, its wealth of detail, pertinent to the
ceremonial life he finds so much a part of his office, makes this
work an absolute ‘must’ for his library. It is always reliable for
the answer to problems related to ceremonies. Its careful use
assures the bishop and his retinue at the Altar, that they are
performing the Divine Liturgy according to the strict mind of
the Church. This is no small consolation to those who love the
Church, and try earnestly to live its life of worship.

“A number of revisions, made necessary by the latest
Roman decrees, are included in this present edition, the fifth in
an enviable line. These represent a labor of love on the part of
the revisor, Father Emmeran Rettger

“Fortunately too in the revision, the mode and the tone of
the original work remain. These have combined to make the
original a classic in its field. Like the saintly Archbishop
Canevin, who recommended the first edition, I urge ‘all who
are interested in having ceremonies conducted according to the
mind of the Church’ to consult and study this present edition. I
am confident the result will be a thrilling experience for all
who love to offer with the Church the Holy Sacrifice in the
magnificent setting of the Pontifical Mass.”

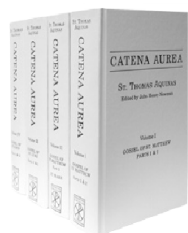

Most Rev. William G. Connare,
Bishop of Greensburg.

The Liber Brevior

Originally published in 1954, the *Liber Brevior* (or shorter book) fills a need for those who don't need all the features of the large and more common *Liber Usualis*. Like the *Liber Usualis*, the *Liber Brevior* has all the ordinary parts and propers of the Sunday Masses, all the major feasts and most of the regular weekday feasts, but without the parts of the *Liber Usualis* pertaining to the Divine Office. This shorter book is ideal for small choirs, students and others interested only in singing Masses. With English rubrics. In this edition are added a supplement of six Masses not in the original printing, and a supplement to the Feast of the Immaculate Heart of Mary. At the end of the book are found simpler versions of the Graduals, Versicles of the Alleluia and Tracts, set to simplified Gregorian notation for those choirs not skilled enough to sing the regular melodies. Includes 2 ribbons, reinforced durable Latex end

sheets, red edges, Bible paper, sewn hard back; pages: xxxiv, 640, [126], 22. \$34.00 + P&H # 89031
